

## ToxTracker Practical Workshop Agenda

Thursday, August 15, 2024

Time	Activity
8:30am - 9:00am	Welcome / Introductions
9:00am - 9:45am	<b>Introduction to ToxTracker - Carlos Rodriguez, Institute for In Vitro Science</b> An introduction to ToxTracker's novel cell lines with emphasis on assay operations
9:45am - 12:00pm	<b>Workshop - ToxTracker Assay and ACE: Exposure</b> ToxTrackerACE – Exposure at the bench, in groups
12:00pm - 1:00pm	Lunch / Break
1:00pm - 1:45pm	<b>ToxTracker Application Case Study - Stephanie Kellum, Corteva Agriscience</b> Companies share their experience implenting ToxTracker results for safety decisions
1:45pm - 4:15pm	<b>Workshop - ToxTracker Assay and ACE: Harvest and Measure</b> ToxTracker ACE: Harvest and Data Acquisition, in groups
4:15pm - 5:00pm	Discussion / Q&A
5:00pm - 7:30pm	Dinner

Friday, August 16, 2024

Time	Activity
9:00am - 10:00am	<b>Data Analysis and Interpretation - Vivek Patel, Institute for In Vitro Sciences</b> ToxTrackerACE data handling, assay acceptance, and positive response criteria
10:00am - 10:45am	<b>ToxTracker Application Case Study - Ashley Allemang &amp; Stefan Pfuhrer, Procter and Gamble</b> Companies share their experience implenting ToxTracker results for safety decisions
10:45am - 11:30am	<b>Application and Regulatory Acceptance - Dan Roberts, Toxys Inc</b> Integration of ToxTracker into testing paradigms, screening vs regulatory use, OECD validation update
11:30am - 12:00pm	Q&A, Discussion / Wrap up
